

Worcester Area Pilots Association Scholarship

The Worcester Area pilots Association is a non-profit organization of pilots and aviation enthusiasts whose mission is 4-fold:

To unify and represent the interests of pilots and aircraft owners in the Worcester area, and through this unity create a voice more readily heard at all forums including the Massachusetts Port Authority, the Worcester Airport Commission, the Worcester Airport, the Massachusetts Aeronautics Commission, FAA and local fixed base operators.

To conduct aviation related educational, recreational and social activities.

To organize and promote the activities of pilots as a group, to establish and maintain good relationships with the community, especially through educational and community service activities.

To further the cause of aviation locally and in general, especially through educational and information dispersal activities.

In keeping with our Mission, the Worcester Area Pilots Association has set up an aviation scholarship fund for the purpose of helping to offset the financial expenses of an aviation related education. Up to two awards with a value of up to \$1000 each (number of awards and amount subject to funding) will be made available. These scholarships must be used to help fund an education at any recognized college, university, or technical school in the aviation/aerospace field.
