FAA'S PILOT PROFICIENCY AWARDS PROGRAM "WINGS"

Who may participate? Pilots holding a private certificate or higher. Includes: airplanes, seaplanes, rotorcraft, gliders, lighter than air, and ultralights. **Why participate?** Regular proficiency training is essential to the safety of all pilots. In addition, completion of the "WINGS" program satisfies the requirements of FAR 61.56 (Flight Review). Be in touch with your strengths and weaknesses. **What are the requirements?** Attend an FAA sponsored safety seminar and receive 3 hours of flight instruction; an hour each on: take offs and landings, instrument flying, and basic airwork. All requirements must be completed within a 12-month period. Every 12 months, you can achieve another phase of the "WINGS" program. The requirements are the same for each phase. Receive a set of "WINGS" and a certificate for each phase. Consult Advisory Circular 61-91H for details.

***MARK YOUR CALENDARS: Saturday, May 13, 2006 SAFETY
FEST/MAINTENANCE FEST 2006 8:30am-3:30pm
Featuring Ms. Carol Ann Garratt who will share with us her seven month long

EARN YOUR WINGS! Regular proficiency training is essential to the safety of all pilots and their passengers. The objective of the Pilot Proficiency Awards Program is to provide pilots with the opportunity to establish and participate in a personal recurrent training program. Join your fellow pilots who recognize the need for recurrent flight training. Congratulations to this month's recipients.

Remember, if you satisfactorily complete a phase of the WINGS program within the period specified by Section 61.56 of the Federal Aviation Regulations, you need not complete a flight review.

DON'T COME ALONE, CALL A FRIEND AND REMIND THEM OF OUR SEMINARS.

STUDENT PILOTS WELCOME!

A pilot is only as good as their next flight! We can never get too much training.
