FAA'S PILOT PROFICIENCY AWARDS PROGRAM "WINGS"

Who may participate? Pilots holding a private certificate or higher. Includes: airplanes, seaplanes, rotorcraft, gliders, lighter than air, and ultralights. **Why participate?** Regular proficiency training is essential to the safety of all pilots. In addition, completion of the "WINGS" program satisfies the requirements of FAR 61.56 (Flight Review). Be in touch with your strengths and weaknesses. **What are the requirements?** Attend an FAA sponsored safety seminar and receive 3 hours of flight instruction; an hour each on: take offs and landings, instrument flying, and basic airwork. All requirements must be completed within a 12-month period. Every 12 months, you can achieve another phase of the "WINGS" program. The requirements are the same for each phase. Receive a set of "WINGS" and a certificate for each phase. Consult Advisory Circular 61-91H for details.

TUESDAY, September 5, 2006 @ 7:30 PM
INTERSTATE AVIATION/ROBERTSON FIELD/PLAINVILLE,
SAFER SKIES, SURVIVABILITY
We are going to have accidents!

So, let's look at how we can walk away from more of them.

TERMINAL BUILDING/GARDNER AIRPORT/GARDNER, MA.

CONTROLLED FLIGHT INTO TERRAIN

Make no mistake, no matter what chain of events leads to impact with an obstacle, terrain or water, the Pilot In Command (PIC) is ultimately responsible because he or she has the last chance to avert the accident.

FAA SAFER SKIES DVD on controlled flight into terrain.

Shouldn't you be there?

Looking for the closest Aviation Medical Examiner to where you work or live?

Try <http://www.faa.gov/pilots/amelocator/>

Need TFR information, FAA publications, forms, employment information, etc? Check out www.faa.gov for a wealth of information that is readily available to you.

FAA Safety Program Airmen Notification System (SPANS)

Provides airmen with Safety Program information and notification in the timeliest manner possible.

Provides easy access to safety seminar and event information and online registration where appropriate.

Provides an easy way for airmen to make important suggestions to the Safety Program.

WE NEED YOU TO REGISTER NOW AT: <http://faasafety.gov/>

Other local sources of seminar information include:

The Atlantic Flyer aviation newspaper or Aviation Digest

Remember, if you satisfactorily complete a phase of the WINGS program within the period specified by Section 61.56 of the Federal Aviation Regulations, you need not complete a flight review.

DON'T COME ALONE, CALL A FRIEND AND REMIND THEM OF OUR SEMINARS.

STUDENT PILOTS WELCOME!

A pilot is only as good as their next flight! We can never get too much training.
